You're So Fine

Whitesnake

(coverdale/vandenberg)I want you so bad,
The thought is driving me mad
Like a cat on the prowl,
You come when you want
And not when I callSo sly, so pretty,
I wanna steal all the keys to your city
Tight skirt, skinny leg,
You make a bad dog sit up and begYou're everything I want,
Everything I need
Come in out of the cold, pretty woman,
Spend the night with meOh, you're so fine
Oh, I wanna make your mine all mine,
'til the end of time,
Baby, you're so fineYou're so hot with body heat,
You cause a fire walking down the street
You got class, you got style,
The girls don't like it,
But, the boys go wildYou're everything I want,
Everything I need
Come in out of the cold, pretty woman,
Spend the night with meOh, you're so fine
Oh, I wanna make your mineDance little sister,
Spinning on a dime,
Shake a shimmy little twisterI'm gonna make you,
I'm gonna make you mine,
Mine all mine,
You're so fineI want you so bad,
Just the thought is driving me mad,
I wanna know what you'll do,
Baby, baby, I can't wait
To get my hands on youYou're everything I want,
Everything I need
Come in out of the cold, pretty woman,
Spend the night with meOh, you're so fine
Oh, I wanna make your mine
Oh, you're so fine
Oh, I wanna make your mine all mine
You're so fine, you're so fine
You're so fine, you're so fine

You're so fine...
