

Bridges

[Ringo Starr](#)

Each and every road is filled with choices
Have to decide which way to go
You can say where are you at
Turn around or go back
Or take a chance on what's ahead
You never know
Down every road you come to bridges
Some are crossed and some get banned
And some you can get down
And new ones get built from what we learned
Down every road we come to bridges
Crossing bridges is the best way to go
Down every road you come to bridges
Crossing bridges is the best way to go
Come a long way
From where I started
Still got a long way to go
I still got some things that need answers
But this much I know
This much I know
If where are you know isn't working
Crossing bridges is the best way to go
Crossing bridges is the best way to go
Down every road we come to bridges
Crossing bridges is the best way to go
Down every road you come to bridges
Crossing bridges is the best way to go
