

Couples Skate

[Robert Ellis](#)

Come take my hand
Baby, hold on tight
I need a partner at the couples skate tonight
Lace up your boots when they turn down the lights
I need a partner at the couples skate tonight Well, we are just holding hands
And that's all
But we are still having ourselves a ball
Please, don't move too fast
Make it last
Music is slow, I never wanna let go
Well, Claire, it's you and I
Watch the world flying by
Be my partner at the couples skate tonight We are just holding hands
And that's all
But we are still having ourselves a ball
Please, don't move too fast
Make it last
Music is slow, I never wanna let go And when I'm ninety-three
My old eyes can hardly see
You can lead the way
Just pull me close
Like two little kids high on soda water
Round and around we go
Well, Claire, it's you and I
Watch the world flying by
Be my partner at the couples skate tonight
Be my partner at the couples skate tonight
