

# Josey

## Hey Monday

The drinks are flowing, just like the river  
Then she keeps going  
The whole night ends with a blur  
She's got no limit, she thinks she's so tough  
Can't walk a straight line  
The end of the night, she's rough Her dress whispers reckless  
That night starts now  
And she slips on her necklace Josey, don't you worry  
It's just a phase you're going through  
Some day you'll know just what to do  
Josey, it's alright  
Slap the hand that just keeps pouring  
It doesn't matter, just do something She's ready to roll, tonight is different  
She'll start it off slow  
To keep herself in check  
Oh no, oh no, it's two for one  
She starts the show now  
From this moment on, she's done Her dress whispers reckless  
That night starts now  
And she slips on her necklace Josey, don't you worry  
It's just a phase you're going through  
Some day you'll know just what to do  
Josey, it's alright  
Slap the hand that just keeps pouring  
It doesn't matter, just do something The party is tonight  
And she thinks they're playing her song  
The party is tonight  
And it's playing all night long Josey, don't you worry  
It's just a phase you're going through  
Some day you'll know just what to do  
Josey, it's alright  
Slap the hand that just keeps pouring  
It doesn't matter, just do something
