

Where the Streets Have No Name (Single Edit)

U2

I want to run
I want to hide
I want to tear down the walls
That hold me inside
I wanna reach out
And touch the flame
Where the streets have no name I want to feel, sunlight on my face
I see that dust cloud disappear without a trace
I wanna take shelter from the poison rain Where the streets have no name
Where the streets have no name
Where the streets have no name We're still building
Then burning down love, burning down love
And when I go there
I go there with you
It's all I can do The cities a flood
And our love turns to rust
We're beaten and blown by the wind
Trampled into dust I'll show you a place
High on the desert plain Where the streets have no name
Where the streets have no name
Where the streets have no name Still building
Then burning down love
Burning down love And when I go there
I go there with you
It's all I can do Our love turns to rust
We're beaten and blown by the wind
Blown by the wind
Oh and I see love
See our love turn to rust
We're beaten and blown by the wind
Blown by the wind
Oh when I go there
I go there with you
It's all I can do
