

It's Conditional

Black Marble

1]

Lime and red in your painted room
Your first cameo, find a reason
I'll let you know, keep these things in mind
Funny how your labor's love is a waste of time
Another so-called starlet can't leave her apartment
Find a reason, irrefutable, obviously right
You'll find a reason, I don't know
Find a reason, unconditional and obviously right
You'll find a reason, I don't know
Lying in bed, sing your favorite tune
(You put a dime in the water)
Your telepathic stereo knows your feelings
(To be a model daughter)
Under the snow, hide the thing you like
(You put a dime in the water)
Tell me how the waking world is a waste of time
(To be a model daughter)
You put a dime in the water to be a model daughter
Find a reason, irrefutable, obviously right
You'll find a reason, I don't know
Find a reason, unconditional and obviously right
You'll find a reason, I don't know
