

Take Back the City

Snow Patrol

Take back the city for yourself tonight
I'll take back the city for me
Take back the city for yourself tonight
Whoa whoa God knows you put your life into its hands
And it's both cradled you and crushed
But now it's time to make your own demands
Whoa whoa All these years later and it's killing me
Your broken records and words
Ten thousand craters where it all should be
Whoa whoa No need to put your words into my mouth
Don't need convincing at all
I love this place enough to have no doubt
Whoa whoa It's a mess, it's a start
It's a flawed work of art
Your say, your call
Every crack, every wall Pick a side, pick a fight
But get your epitaph right
You can sing 'til you drop
'Cause the fun just never stops I love this city tonight
I love this city always
It bears its teeth like a light
And spits me out after days But we're all gluttons for it
We know it's wrong and it's right
For every sign that's been hit
Take back the city tonight Tell me you never wanted more than this
And I will stop talking now
One perfect partner, one eternal kiss
Whoa whoa Take back the city for yourself tonight
I'll take back the city for me
Take back the city for yourself tonight
Whoa whoa It's a mess, it's a start
It's a flawed work of art
Your say, your call
Every crack, every wall Pick a side, pick a fight
But get your epitaph right
You can sing 'til you drop
'Cause the fun just never stops I love this city tonight
I love this city always
It bears its teeth like a light

And spits me out after daysBut we're all gluttons for it
We know it's wrong and it's right
For every sign that's been hit
Take back the city tonightI love this city tonight
I love this city always
It bears its teeth like a light
And spits me out after daysBut we're all gluttons for it
We know it's wrong and it's right
For every sign that's been hit
Take back the city tonightI love this city tonight
I love this city always
I love this city tonight
I love this city always
