

# The Brighter Side

## Mimes On Rollercoasters

Once in awhile the world is unfair  
Kind to the cruelest and cruel to the people who really care  
While the poor get poorer and the lucky get luckier  
Life spins around like one big circle game

Spinning, spinning, life just circles around  
Sometimes winning - we've all felt a little bit down  
Spinning, spinning, life just circles around  
Sometimes winning - we've all felt a little bit down

When all is against you and nothing will go right  
Always keep looking toward that brightly lit brighter side  
Spinning, spinning, life just circles around  
Sometimes winning - we've all felt a little bit down
