

# Min Hameitzar (From the Depths)

## Mesivta of Waterbury

Shma Elokim rinasi  
Hakshiva Tefilasi  
Miktzeh Haaretz eilecha ekrah  
Baatof libi bitzor yurum mimeni  
sancheni

Shma Elokim rinasi  
Hakshiva Tefilasi  
Miktzeh ha'aretz Eilecha ekrah  
Baatof libi bitzor yurum mimeni  
Sancheni

From the ends of the earth I call your name  
When my heart is weary and I'm in pain  
I'm trying to get closer  
And I'm trying to get higher  
But I find myself slipping away

So I'm asking You please will you hold my hand  
And help me stand  
Bring me to a place where all day long  
They're praising your name and they're signing your songs  
Because it's there I belong  
And it's there I want to be

Min Hameitzar karasi Kah  
anani vamarchav Kah  
HaShem li, v'lo eerah  
Ma yaaseh li adam

From out of the depths I called your name  
You heard my call and healed my pain  
What can anybody do to me  
When I'm with you and serving you faithfully  
Because you're with me every step of the way

From out of the depths I called your name  
You heard my call and healed my pain  
What can anybody do to me  
When I'm with you and serving you faithfully

Because you're with me every step of the way  
So I'm asking you please will you hold my hand  
And help me stand  
Bring me to a place where all day long  
They're praising your name and they're signing your songs  
Because it's there I belong  
And it's there I want to be
