

# Green Poison

## The Ting Tings

Green poison makes you fly  
Green poison makes me highMash, mash this thing on  
Now pass, pass this thing onGreen poison makes you fly  
Green poison makes me highI can't stop thinking about you every day  
Makes me want it, don't bother meFirst you want it, then you need it  
Now you want it, cause you need itPass, pass this thing on  
Now pass, pass this thing on
