

# Kiss Goodnight (feat. Kid Ink)

Eric Bellinger

Before I let you go (ah)  
Can I get a kiss? (ah)  
Can I feel them lips?  
I'm talking bout the ones between yo hips Wussup? Wussup?  
I just wanna know right now now  
Before I take out out, girl I wanna know if I should be spending all of these dollar bills on you  
I wanna know that after we leave the club that you gon be tryna come through  
Wussup? Wussup?  
I just wanna know right now now  
Baby before I go can I get a kiss goodnight?  
Before I let you go away  
Can I get a kiss goodnight, baby? Just let a nigga know it's good,  
Let a nigga know wussup, let a nigga know it's real  
You can keep it one hunned hunned hunned hunned hunned hunned  
Let a nigga know it's good,  
Let a nigga know wussup, let a nigga know it's real  
You can keep it one hunned hunned hunned hunned hunned hunned hunned hunned Before I let you go  
Before you've been dismissed  
Can I put my name on it so you won't forget? Wussup? Wussup?  
Let me see you turn around round  
Baby before I go can I get a kiss goodnight? Before I let you go away  
Can I get a kiss goodnight, baby?  
Just let a nigga know it's good,  
Let a nigga know wussup, let a nigga know it's real  
You can keep it one hunned hunned hunned hunned hunned hunned  
Let a nigga know it's good,  
Let a nigga know wussup, let a nigga know it's real  
You can keep it one hunned hunned hunned hunned hunned hunned hunned I said keep it one hunned  
I been outchea getting money  
And we don't really stop fo nothing  
But it's something bout you  
Got a young nigga seein red  
No bullshit, tell me what it's gon do  
Is you down for the put  
Party, after the club don't act brand new  
All them drinks she was pourin  
Pourin the Patrone with lime, no juice, get loose  
Fo I let you go  
I just gotta let you know

You in a league  
Of your own  
Star playa  
In the 4th gon puck her up  
And kiss that bottle  
You don't need no cup, you don't need no luck  
Fuck 7, you a 10, let me know wussup  
The sky is the limit, wait a minute Before I let you go away  
Can I get a kiss goodnight, baby? Just let a nigga know it's good,  
Let a nigga know wussup, let a nigga know it's real  
You can keep it one hunned hunned hunned hunned hunned hunned  
Let a nigga know it's good,  
Let a nigga know wussup, let a nigga know it's real  
You can keep it one hunned hunned hunned hunned hunned hunned hunned
