Rock Your Soul

Helldorado

When I come to you my sweet mistress
I do not come to feel your sweet caress
I wanna feel some pain
I wanna hurt
Bound by a ball and chain
Treated like a piece of dirtCome on and let me rock your soul!
Tonight my love is black as coalWhen I come to you I must confess
I do not come to ask for tenderness
I want you to treat me harder
I'll do just what you please
If you ask me to tie your garter
I'll wind it right above your kneesCome on and let me rock your soul!
Tonight my love is black as coalWhen I come to you I must confess
I do not come to ask for tenderness
I wanna be your slave
Under your whip
I'll do anything you crave
Until you leave this sinking shipCome on and let me rock your soul!
Tonight my love is black as coal
