

Blue Light

Prince

Oh well, here we are again
Lookin' for somethin' to get us in the mood
I tell, each and every one of my friends
That the love we make is really pretty rude
But they don't believe me 'cuz it's written all over my face
Like Evian and the deep blue sea
You and me got different taste
You like it in the dark but I like a
Blue light, can you turn on a blue light?
Then cuddle up to me so tight
Just you and me all night, alright
Blue light, can you turn on a blue light?
Then everything will be alright
Oh, blue light
You say you wish I was shy
I always take a simple thing and push it way too far
But baby, that's the problem with you and I
You say, "Not in public" but I say, "In the car"
Say, we need to get wild again
Like it was when we first met
Close your eyes and count to ten and when you open 'em
I'll be standing naked with nothing but a smile on
Blue light, can you turn on a blue light?
Then cuddle up to me so tight
Just you and me all night, alright
Blue light, can you turn on a blue light?
Then everything will be alright
Oh, blue light
I'll be 117
You'll be still sayin', "Baby, not tonight"
Well, it's easy to see us on the cover of a magazine
Double heart attack, couple both died in a fight
Oh baby! I don't wanna cross that road
'Cuz I love you too much
I'd do anything just to heat up your cold touch
Anything I would do, but up until you tell me to
Blue light, can you turn on a blue light?
Then cuddle up to me so tight
Just you and me all night, alright
Blue light, can you turn on a blue light?
Then everything will be alright
Oh, blue light
Blue light, can you turn on a blue light?
Cuddle up to me so tight
You and me all night, alright
Blue light, you turn on a blue light?
And everything will be alright
Oh blue light
Oh blue light, oh blue light
Blue light, blue light, blue light
