

So Good (Prod By Tricky Stewart & The Dream)

Elektrik Red

How I'd let him come back
How I'd let him come back
She wants ya, I need ya
Please tell me to stay
She says that she loves ya like I love ya
But you know that it ain't the same We had a fling
This I know
But now we got a thing...
She gotta let yo go
Cause now I'm actin crazy
I'm out here callin you baby [2x]
I shouldn't have let you hit that
Cause now I can't forget that
I thought I wouldn't really give a fuck
But now a bitch I all in love Don't mean to be a hater
But ooo,shit, damn, you so good
So good, so good, so good, so good [2x]
So ooo, shit, damn I miss ya, I can taste ya
Please come back to me
Baby lay in my arms
And say you'lll never leave I gotta thing... And I know you know [2x]
So boy don't play with me, just stay with me
And allow me to give you more
My girls all call me crazy
Cause I'm out here callin you baby
I shouldn't have let you hit that
Cause now I can't forget that
I thought I wouldn't really give a fuck
But now a bitch I all in love Don't mean to be a hater
But ooo, shit, damn, you so good
So good, so good, so good, so good [2x]
So ooo, shit, damn I can't believe you
You put it on a girl like that
I can't believe I...
Just got off the phone with you but I wanna call right back
I can't believe you
Got me in the kitchen cookin for you like my first names Betty
