I Don't Know

The Black Ghosts

Your pretty eyes they follow me
Across the room to infinity
I turn around but you're not there
What's the name of the game
That you play everyday with me, with me?What you gonna do? What you gonna do?
What you gonna do? What you gonna do?
What you gonna do?I don't know what she did but she did it to my head
I don't know what she said but she said it to me
I don't know what this is but you better make it something
Do what you want to do then take it with youWhat you gonna do? What you gonna do?
What you gonna do? What you gonna do?
What you gonna do? What you gonna do?
What you gonna do? What you gonna do?
What you gonna do? What you gonna do?Her tiny voice is in my head
This conversation's with the dead
Her footsteps trace my every move
Tell me why do I try to believe in a lie with you?I don't know what she did but she did it to my head
I don't know what she said but she said it to me
I don't know what this is but you better make it something
Do what you want to do then take it with youWhat you gonna do? What you gonna do?
What you gonna do? What you gonna do?
What you gonna do? What you gonna do?
What you gonna do? What you gonna do?
What you gonna do? What you gonna do?
