

Sexy Lady

Jessie J

(Verse)

You're feeling nervous, having your doubts
Don't be embarrassed if you don't fit in the crowd
Keep standing tall and hold your ground
Show 'em it's not okay to let them kick you down(Pre-Chorus)

Oh oh oh oh

Don't let em ruin your time

It's now or never, never

Oh oh oh oh

Just let em know it's your life

So do it, use it, flaunt it own it

Woo, that's right(Chorus part 1)

Yea, you'd better give it everything you got

Just show em you're a sexy lady

Yea, you'd better work it til it's burning hot

Just show em you're a sexy lady(Chorus part 2)

Time is now baby

Look around baby

Just be proud, you're a sexy lady

Rock it out baby, play it loud baby

Just be proud, all my sexy ladies.(Verse)

So admit it, it's feeling good

You're hips are rolling and you love it like you should

Work up a sweat, enjoy the ride

Good girl, go get it wear your confidence tonight.(Pre-Chorus)

Oh oh oh oh

Don't let em ruin your time

It's now or never, never

Oh oh oh oh

Just let em know it's your life

So do it, use it, flaunt it own it

Ahuh, that's right(Chorus part 1)

Yea, you'd better give it everything you got

Just show em you're a sexy lady

Yea, you'd better work it til it's burning hot

Just show em you're a sexy lady(Chorus part 2)

Time is now baby

Look around baby

Just be proud, you're a sexy lady

Rock it out baby, play it loud baby
