

# Stand on Your Own Head

## They Might Be Giants

I like people, they're the ones who can't stand  
They're the ones who can't stand  
I see smoke signals comin' from them  
They say we are out of furniture Stand on your own head for a change  
Give me some skin to call my own  
Stand on your own head for a change  
Give me some skin to call my own You made my day, now you have to sleep in it  
Now you have to sleep in it  
I love the world and if I have to sue for custody  
I will sue for custody Stand on your own head for a change  
Give me some skin to call my own  
Stand on your own head for a change  
Give me some skin to call my own
