

# Search Is Over

Vivian Green

Now that I got you  
Now that I got you  
I don't need, no  
I don't need, no  
People search the world  
They spend their lives, they waste their time  
They keep on tryin'  
Until they're all cried out and still no sign  
I'm takin' it to the other side like  
Waitin' in the longest line  
I've been on that ride before, my heart's died before  
But now I'm giving faith in this  
(Ain't nobody out here to love me)  
What a lovely discovery  
That's standin' right  
In front of me  
(Search is over)  
(Ain't nobody hit me like it got me)  
When I get colder  
You covered my shoulder  
You are my soldier  
(Search is over)  
Lookin', lookin', lookin' for love  
Ain't lookin', lookin' for love no more  
(So tell me, baby, what would I do that for?)  
Ain't lookin', lookin', lookin' for love  
Ain't lookin', lookin' for love no more  
(Tell me, baby, what would I do that for?)  
My heart, no, it never cried  
My guard's down, that's no facade  
I cross over to the other side  
I'm still, I've never felt so high  
I wish I didn't experience the pain  
To get here but I'd do it all again  
Just ask me what love is  
No education, I'd spend a life to learn, baby  
(Ain't nobody out here to love me)  
What a lovely discovery  
That's standin' right

In front of me  
(Search is over)  
(Ain't nobody hit me like it got me)  
When I get colder  
You covered my shoulder

You are my soldier  
(Search is over)  
Lookin', lookin', lookin' for love  
Ain't lookin', lookin' for love no more  
(Tell me, baby, what would I do that for?)  
Ain't lookin', lookin', lookin' for love  
Ain't lookin', lookin' for love no more  
(Tell me, baby, what would I do that for?)  
And what would I look for  
That I don't already have?  
See I got all I need  
There's nothing else to grab, no  
When I say you got me  
(You got me)  
Pierced by a arrow  
(You shot me)  
Flyin' like a sparrow  
(Cause I got weak)  
(You got me)  
Search is over  
(Ain't nobody out here to love me)  
Baby, I just can't believe  
You standin' right  
In front of me  
(Search is over)  
(Ain't nobody hit me like it got me)  
When I get colder  
You covered my shoulder  
You are my soldier  
(Search is over)  
Lookin', lookin', lookin' for love  
Ain't lookin', lookin' for love no more  
(Tell me, baby, what would I do that for?)  
Ain't lookin', lookin', lookin' for love  
Ain't lookin', lookin' for love no more  
(Tell me, baby, what would I do that for?)  
No, I'm not lookin' for love  
Ain't lookin' for love, no  
Baby, why would I?

I got you, baby  
I don't need nobody, nobody, no, no, no  
Ain't lookin' for love, ain't lookin' for love
