Moderate RockMay day, every day, my day
Could've had a heart attack, my heart
We don't know anything, my heart
We all want something fair, my heartHey, hey, hey, hey, heyOut of town, out of sight, is my heart
Queen of lies, today, my heart
One more on the phone, my heart
One more at the door of my heartHey, hey, hey, hey, heyMean heart
Cold heart
Cold heart
Cold heart
Cold heart
Cold heart
Cold heart
