## Division of Laura Lee

I dont give a fuck  
no matter what  
dont push it its way to clear  
they gave you the same  
you better get out  
listen what you say  
is not what we believe  
you cant change a thing  
about how we feel  
get out  
i dont belive a word  
of what you say  
dont push it its way to clear  
they gave you the same  
you better get out  
listen what you say  
is not what we believe  
you cant change a thing  
about how we feel  
get out  
you better get out  
listen what you say  
is not what we believe  
you cant change a thing  
about how we feel  
get out
