## The Antarcticans

Relax it's over, you belong to me

I fill your mouth with dirt

Relax it's over, you can never leave

I take your second digit with me

Love

You are my first, I can barely breathe

I find you fascinating

You are my favorite, lay you down to sleep

It's all that I can do to stop

Love

So blue, so broken, paper doll decays

I haven't left you yet

So cold subversive, your eyes are full of bleach

Tomorrow, I will go away again

Love

You are mine, you will always be mine

I can tear you apart

I can recombine you

All I want is to covet you all

You belong to me

I will kill you to love you

Love, love, love

Love you, love you, love you
