

Never in a Million Years

Asia

Plain evil, I know what's on your mind
Never say you're leaving me behind
 No trouble, get that from the start
You know the cost of loving is your heartI would never leave you
 I would never go
 I would never leave youNever in a million
 Never in a million
Never in a million yearsPure pleasure, the love that's in your eyes
 You never give me feelings in disguise
 Same fever, it comes on all the time
Always lets me know what's on your mindI would never leave you
 I would never go
 I would never leave youNever in a million
 Never in a million
Never in a million yearsLive angel, you come to me and cry
 Like tears of joy come raining from the sky
 I'd never leave you, you knew that from the start
I'll give it to you now straight from the heartI would never leave you
 (Never in a million years)
 I would never go
 (Never in a million years)I would never leave you
 (Never in a million years)
 I would never go
 (Never in a million years)I would never leave you
 (Never in a million years)
 I would never go
 (Never in a million years)
