Northern Ambulance

Thermostatic

Your only here
Your only here, just for a whileAnd I, shiver like a child
But you're already undergroundOoooohhhhh
And for this something that you find
Something that you find, when we unite
And their burning in your eyes
Burning in your eyes, when we uniteAnd for there's nothing left to fight
Nothing left to fight
When you are down
Oh, nothing left to find
Nothing left to find when you are down
Dooown
