

Eternity

Chaka Khan

Seems like an eternity, since I've been in your arms
A multitude of colorless hours pass
I crave the life inside you, it keeps me from harm
I only pray that it's not just another GodEternity, I want to be with you for all eternity
Darling, you be the only one for me
Together for eternityI long to touch you
(I long to touch you)
To feel the warmth in a world so cold
Whenever we, ooh, I don't knowBut I want you all the time
(I wanna hold on)
You are the beginning, middle and end
To every story told, you are the science of my mind
