Everyday Will Be Like a Holiday

Carole King

Everyday will be like a holiday
When my baby
When my baby comes homeNow hes been gone for such a long time
Ever since hes been gone hes been on my mind
I got a letter today
Just about noon
He said don't worry baby I' will be home soonAnd Everyday will be like a holiday
When my baby
When my baby comes homeIll never have to worry about sitting by the phone
When he gets here you know I will never be alone
Said he get here sometime today
I know when he gets here he will never go awayAnd Everyday will be like a holiday
When my baby
When my baby comes homeEveryday will be like a holiday
When my baby
When my baby comes home
When my baby comes home
Everyday
Everyday
Everyday will be be like a holiday
When my baby comes home
