

123

Matt Webb

123 you can count on me to be there for you
When no one else is listening
Hear ABC spell it out to me carefully
I've never been too good at reading your mind
So let go, because even though it's damn hard to grow
You should know that you're not ever on your own
You always dream but I won't leave
So let's just change our tone 123 more for you of me if you want
Keep the change and keep it to yourself
ABC what the letters mean is the truth
I've never been too good at writing you back
So let go, because even though it's damn hard to grow
You should know that you're not ever on your own
You always dream but I won't leave
So let's just change our tone Come back, come back to me
What's the need for selfishly taking the last word from me
Come back, come back before
We go to sleep so angrily, I don't need bad dreams no more
Come back, come back to me
Come back, come back to me
Please don't go
