

It's Yours

Jon Cutler Feat. Eman

All I'm gonna do is please you
Come into this room and let me show you
 How I feel, love is real
Know what I, can never get enough
 Cause I, never, been here before
 The more I get, the more I want
 Touch me baby, I just love
 To do it, do it, do it to you
 Grab my body baby
 Hold my heart, don't break it
 It is yours, it is yours
 It is yours, it is yours
 It is yours, it is yours
 And I can't never get enough
 Grab my body baby
 Hold my heart, don't break it
 It is yours, it is yours
 It is yours, it is yours
 It is yours, it is yours
 And I can't never get enough of you
You, you, can't get enough, can't get enough
You, you, can't get enough, can't get enough
 You, you, ooh
 You, you
 These other girls can't see you
If you only knew how much I need you
 Every day, every day
 In every way, every way
You got me baby, so addicted to you
Cause I ain't never, been here before
 The more I get, the more I want
 Touch me baby, I just love
 To do it, do it, do it to you
 Grab my body baby
 Hold my heart, don't break it
 It is yours, it is yours
 It is yours, it is yours
 It is yours, it is yours
 And I can't never get enough

Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
And I can't get enough of you girl
You, you, can't get enough, can't get enough of you
You, you, I can't get enough of you
You, you, ooh baby
You, you, I can't get enough of you
I just want to touch you touch you
Hold your body till you till you say
Yea yeah, yea yeah
I just want to touch you touch you
Hold your body till you till you say
Yea yeah, yea yeah
Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
Ooo
Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
Cause I can't never get enough of you
You, you, can't get enough, can't get enough
You, you, I can't get enough
You, you, yea yeah
You, you, can't get enough
Can't get enough of you
