

Smile

Letter Day Story

Walking down the street
You caught a part of me
Now I'm going crazy, I'm in love
Is this magic?
Now tell me what to do
I always think of you
Believe me when I say it's true
You make me wanna say...

Woah, woah Your smile takes me away
Woah, woah, You make me wanna stay
Closer and closer holding each other
Reaching skies like it doesn't matter
Every smile you make, just like love everyday

Once again you're here
With a smile I can't resist
I'm going crazy, I'm in love
Yes it's magic
You look into my eyes
I float in the skies
Slowly now we're getting closer
I wish to last forever...

Woah, woah Your smile takes me away
Woah, woah, You make me wanna stay
Closer and closer holding each other
Reaching skies like it doesn't matter
Every smile you make, just like love everyday

Woah, woah Just like love everyday
Woah, woah Just like love everyday
Yeahh...

Woah, woah Your smile takes me away
Woah, woah, You make me wanna stay
Woah, woah Your smile takes me away
Woah, woah, You make me wanna stay
Closer and closer holding each other
Reaching skies like it doesn't matter

Every smile you make, just like love everyday (2x)
