Oblivious

Birgit

Lyrics: j. day/k. savigar/c. caffeyHello, could you be my destiny
I don't know but you sure look sweeter
Than anyone I've ever seen
Hello, I tried to call to see just how you've been
It's your machine and you're not there again
I try you in a little while
Okay, goodbyeIt always seems no matter what I say
You never look at me you look the other way
You don't know what you're missing
Why don't you just kiss me
It always seems no matter what I do
I try and try oh but I can't get through
What does it take to make you see
That you are the one for me
But you are so obliviousHello, you saw me flirting with that other guy
You can't deny it didn't catch your eye
And peaked your curiosity
Hello, well did you notice that I dyed my hair
Your favourite colour blue but do you care
That I don't want no one else but you
Well and maybe youIt always seems no matter what I say
You never look at me you look the other way
You don't know what you're missing
Why don't you just kiss me
It always seems no matter what I do
I try and try oh but I can't get through
What does it take to make you see
That you are the one for me
But you are so obliviousOblivious, oblivious
Oblivious, oblivious, obliviousIt always seems no matter what I say
You never look at me you look the other way
It always seems no matter what I do
I try and try oh but I can't get throughOblivious, oblivious
Oblivious, oblivious, oblivious
