

Hanalei Road

Courtney Jaye

I'm dreaming hard of leaving
Can't shake the weary cold
My good intentions frozen
Buried under snow This peace I'm holdin onto
The sunlight wearing thin
It radiates from west of somewhere else I live Give me the fastest plane
I'm ready to go one way Meet me down on hanalei road
I'm diving deep for the diamond tide
Save my heart and feed my soul
I'm coming home tonight
Coming home tonight Follow the trade winds over
Footprints along the beach
Leading to where I know
There's someone missing me
Under a thousand stars
And the liliquoi moon [Chorus] Give me the fastest plane
I'm ready to go today [Chorus]
[Chorus]
