Modern Dukes

Weezer

Every time that I turn around
I just see the same old thing
Beg to try and to bring me back
To the place I couldn't keepBut I'm an asshole
Storm the castle
Burn the bridges
Down to the ground
Take no prisoners
We're just visiting
We don't care about anythingThats the way these modern dukes will go
It's every man here for himselfEvery time that I turn around
I just see the same old crap
Trucks are trying to grease the wheels
So that they can get laid backBut I'm an asshole
Storm the castle
Burn the bridges
Down to the ground
Take no prisoners
We're just visiting
We don't care about anythingThat's the way these modern dukes will go
It's every man here for himselfI'm an asshole
Storm the castle
Burn the bridges
Down to the ground
Take no prisoners
We're just visiting
We don't care about anythingI'm an asshole
Storm the castle
Burn the bridges
Down to the ground
Take no prisoners
We're just visiting
We don't care about anythingThat's the way these modern dukes will go
It's every man here for himself
