I Just Want You

Cole Swindell

When I've been gone, when I'm right here,
The minute my eyes open in the morning.
Out on some highway, or pulling in the driveway.
Clear blue sky or when it's thunder storming.
My mind just can't escape you,
The first time I touched you, that's when I knew.I want you trust me, I want you to love me,
I want you to need me like I'm something you can't lose.
I want you to save me, I want you to crave me
Even when I can't find my way to you.
If you ever once doubt, anything I'm about,
All it ever comes down to, girl I just want you.When you get rattled, or you're coming all unraveled,
When your holding everything together for me.
The way you revealed me, the way that you feel me.
The way you know I'm holding something inside.
Don't know what time has for us,
But as long as I'm here, one thing I'm sure ofI want you trust me, I want you to love me,
I want you to need me like I'm something you can't lose.
I want you to save me, I want you to crave me
Even when I can't find my way to you.
If you ever once doubt, anything I'm about,
All it ever comes down to, is girl I just want you.
Yeah, I just want youI want you trust me, I want you to love me,
I want you to need me like I'm something you can't lose.
I want you to save me, I want you to crave me
Even when I can't find my way to you.
If you ever once doubt, anything I'm about,
All it ever comes down to, is girl I just want you.
Yes I do, I just want you
