Model

Before You Exit

We could make this moment last forever
Laying with you, laying with you
You spend it round and round just like a record
I don't wanna move, I don't wanna moveI see you're perfect, you start blushing
Got all we need and so much more
Could take on the world or just do nothingAll I know is
Baby, even when you wake up
Laying with no make up
Beautiful, beautiful
I know you think I'm crazy
But loving all your features
Even in your t-shirt
You look like, you look like
You look like a model
Mo-o-o-o-o-odel
Mo-o-o-o-o-odel
You look like, you look like a modelWe could make or break this thing together
Getting it right, getting it right
Heart has got me beating under pressure
Coming alive, coming aliveNow that I never saw it coming
Something our worlds are looking for
Now that I found you, I'm not runningI see you're perfect, you start blushing
Got all we need and so much more
Could take on the world or just do nothingAll I know is
Baby, even when you wake up
Laying with no make up
Beautiful, beautiful
I know you think I'm crazy
But loving all your features
Even in your t-shirt
You look like, you look like
You look like a model
Mo-o-o-o-o-odel
Mo-o-o-o-o-odel
You look like, you look like a modelOh you think I'm crazy
For loving all your featuresBaby even when you wake up
Laying with no make up
Beautiful, beautiful
I know you think I'm crazy

But loving all your features
Even in your tshirt
You look like, you look like
You look like a modelMo-o-o-o-o-odel
Mo-o-o-o-o-odel
You look like, you look like
You look like a modelModel
You look like, you look like
You look like a model
