

Touchdown Turnaround (Don't Give Up On Me)

[Demo]

Hellogoodbye

Every night I see you standing on the corner
Shaking that thing like you're playing Pop Warner
Touchdown turnaround, play by play keep the score
Would you turn me down if I'm not what you're looking for I never knew you

(Don't give up on me)

I never knew you

(Don't give up on me)

I never knew you

(Don't give up on me)

I never knew you

Threw so hard Touchdown turnaround, I never see you around

Anywhere or anymore, you are what I'm looking for

Touchdown turnaround, everything is safe and sound

Everywhere and every time, I am yours and you are mine Little league in '93 taught me how to take defeat

Good thing there's no mercy rule in love 'cause I would long be beat

Hit the ground look around, but you're nowhere to be found

Accept my loss and head back to the mound I never knew you

(Don't give up on me)

I never knew you

(Don't give up on me)

I never knew you

(Don't give up on me)

I never knew you

Threw so hard Touchdown turnaround, I never see you around

Anywhere or anymore, you are what I'm looking for

Touchdown turnaround, everything is safe and sound

Everywhere and every time, I am yours and you are mine I never knew you

(Don't give up on me)

I never knew you

(Don't give up on me)

I never knew you

(Don't give up on me)

I never knew you

Threw so hard Touchdown turnaround, I never see you around

Anywhere or anymore, you are what I'm looking for

Touchdown turnaround, everything is safe and sound

Everywhere and every time, I am yours and you are mine Touchdown turnaround, I never see you around

Anywhere or anymore, you are what I'm looking for
Touchdown turnaround, everything is safe and sound
Everywhere and every time, I am yours and you are mine
