

2 of a Kind

Vanessa Williams

You struck me like lightnin'
Turned my world upside down
When I first laid my eyes on you
This feeling's really frightenin'
Cuz it seems to me I've found
The perfect man of all for me to choose
Used to dream a such a man like you
Never thought it would come true
Boy, you are the answer to my prayers
I have never felt like this before
And you have opened up the door
Into a space that I would never dareCuz you give a life a meaning
And this love is hard to get to
Is leaving my heart to a higher ground
I was searching, seeking, finding
Love came out from its hiding
And baby, I'm so pleased at what I foundThe way you seem to be, the only you be one for me
This love is truly special, we're two of a kind
I've got you on my mind, we're two of a kindThis heart of mine is beating inside my chest
And baby, it is you that I adore
The nights we spend together are by far the best
That any woman could be wishing for
We are lucky baby, it's like that
This ain't no opposites attract
You make up for all the bad in me
So when days of trouble come around
You know I never let you down
Right by your side is where I want to beCuz you give my life a meaning
And this love we have together
Is lifting my heart to a higher ground
I was searching, seeking, finding
Love came out from its hiding
And baby, I'm so pleased at what we foundThe way you seem to be, the only one for me
This love is truly special, we're two of a kind
I've got you on my mind, we're two of a kindVa-Vanessa, Va-va-va-Vanessa
Va-Vanessa, Va-va-va-Vanessa
Va-Vanessa, Va-va-va-Vanessa
Va-Vanessa Williams sing it for real
Va-Vanessa, Va-va-va-Vanessa

Va-Vanessa, Va-va-va-Vanessa
Va-Vanessa, Va-va-va-Vanessa
Vanessa Williams sing it, sing it for realCuz you give my life a meaning
And this love we have together
Is Lifting my heart to a higher ground
I was searching, seeking, finding
Love came out from its hiding
And baby, I'm so pleased at what we foundThe way you seem to be, the only one for me
This love is truly special, we're two of a kind
I've got you on my mind, we're two of a kind
I'm be the like your feelin', babyThe way you seem to be, the only one for me
This love is truly special, we're two of a kind
I've got you on my mind, we're two of a kindThe way you seem to be, the only one for me
This love is truly special
I've got you on my mind, we're two of a kindThe way you seem to be, the only one for me
This love is truly special
You're on my mind, two of a kind
