Erosion

I.Q.

Rain is a bad reminder of everything I don't wanna know
Rain is a backseat driver takes me where I don't wanna go
And it looks like the sky is caving in again
I'm dry and cracked, the sky goes black
And tut, tut, it looks like rain
Erosion
Oh, spirit fall like rain on my thirsty soul
Erosion
Oh, sweet erosion, break me and make me whole
The thirstiest grounds can't take the rain
My undecided vices washing on down the drain
And it looks like the sky is caving in again
My heart is cracked, the sky goes black
And tut, tut, it looks like rain
Erosion
Oh, spirit fall like rain on my thirsty soul
Erosion
Oh, sweet erosion, break me and make me whole
Oh, erosion, would you wash away my sins
Oh, erosion, I need a second shot again
Oh, erosion, would you break my heart again
Oh, erosion, I am a broken hearted man, yeah, yeah
Erosion
Oh, spirit fall like rain on my thirsty soul
Oh, erosion
Oh, sweet erosion, break me and make me whole
Erosion
Oh, spirit fall like rain on my thirsty soul
Erosion
Oh, sweet erosion, break me and make me whole
