

# Wild Fire Woman

## Bad Company

I'm gonna drive my car, way across the border  
'cause she's the only one, she keeps my mind in order  
I'm not a bad man, but I know where I stand:  
If I have your love, gotta have your love in my hand Yeah, come on boys  
It takes a good man, yeah, to know a good woman  
I ain't so much a good man as one who needs loving  
I'm driving down the highway getting closer to your love  
I'm going pretty fast now, but it ain't fast enough. Listen Wild fire shooting through my veins  
Burns a fever to my brain  
Wild fire woman, something you got  
I start to shiver when you do that, do that baby, now It takes a good man, yeah, to know a good woman  
I ain't so much a good man as one who needs loving  
So I'm burning up the freeway, ain't nothing in sight  
You know it takes a whole lotta loving, to keep me driving all night, hey
