

Atmosphere

Kaskade

When I was young I could hear the sound
A melody pure and a rhythm loud
Oh, the sound took me away
Carried through the vastness of outer space

All my life Iâ€™ve been a star,
Holding a light up in the dark.
While I try to keep clear
Of all the waves in your atmosphere

All my life Iâ€™ve been a star,
Holding a light up in the dark.
While I try to keep clear
Of all the waves in your atmosphere x 3

When I was young I could hear the sound
A melody pure and a rhythm loud
Oh, the sound took me away
Carried through the vastness of outer space

All my life Iâ€™ve been a star,
Holding a light up in the dark.
While I try to keep clear
Of all the waves in your atmosphere

All my life Iâ€™ve been a star,
Holding a light up in the dark.
While I try to keep clear
Of all the waves in your atmosphere
