Lust Stings

Les Claypool

It's been so long
Since we've talked about things
Should'a took time to reconnoiter
Lust stingsNobody likes me
Everybody hates me
I'm gonna eat me some worms
I'm gonna eat me some wormsI got the herpes on my pecker
Sometimes it itches and burns
I'm gonna eat me some wormsIt's been so long
Since we've really talked about things
S'cuse me while I reconnoiter
Lust stings
