

Holden Caufield

Piebald

I'd rather take the long way home
I'd rather get lost on the side walk
the wind blew so hard last night
where do the ducks go in the wintertime? I'd rather take the long way home
I'd rather get lost on the side walk
the wind blew so hard last night
Put my hat on and get out of here And in the first time in twenty years
I've waited forever and it's almost here
I'll still be dancing when it all comes down And I run through the fields
Hope to be caught on the other side (2x)
