Prowler

Burden Of Grief

Walkin' through the city lookin' oh so pretty
I've just got to find my way
See the ladies flashin' all their legs and lashes
I've just got to find my wayGoin' to see me crawlin'
Through the bushes with it open wide
What you seein' girl?
Can't you, can't you believe it?
Can't you believe it?
Can't you believe your eyes?
Its the real thing girlGot me feelin' myself and reelin' around
Got me talkin' but feel like walkin' aroundGot me feelin' myself and reelin' a
Got me talkin' but nothing's with me and
Got me feelin' myself and reelin' aroundWalkin' through the city lookin' oh so pretty
I've just got to find my way
See the ladies flashin' all their legs and lashes
I've just got to find my wayGoin' to see me crawlin'
Through the bushes with it open wide
What you seein' girl?
Can't you, can't you believe it?
Can't you believe it?
Can't you believe your eyes?
Its the real thing girlGot me feelin' myself and reelin' around
Got me talkin' but feel like walkin' around
