Buried In The Ground

The Veer Union

Falling through the fire again.
Feeling far too close to the edge.
something about oxygen
Need to find our way home again.
Someone save me.
cause I'm fighting.
I'm wasting away
I won't last long.
I can't hold on.
I need to turn it all around.
Before i'm buried in the ground.
I"m not that strong
When hope is gone.
I need to turn it all around.
Before I'm buried in the ground.
Before I'm buried in the ground.

Scratching at the surface again.
Wonder why they won't let me in.
Serpents crawling under my skin.
Slowly sinking lower within.
Someone save me.
cause I'm fighting.
I'm wasting away
I won't last long.
I can't hold on.
I need to turn it all around.
Before i'm buried in the ground.
I"m not that strong
When hope is gone.
I need to turn it all around.
Before I'm buried in the ground.
Before I'm buried in the ground.
Before I'm buried in the ground.
