Easier

Nico Vega

I've seen the way that you reach when you're all alone
somebody should tell you if you reach then you'll never grow
I let you lean on me, I am an enabler, I have to go.
You take a rain check maybe you can cash it when you're on your own.Oh oh oh,
Listen to meChorus:
Brace yourself
it's gonna get easier,
you've got to hit the ground
before you can turn around
Oh oh oh oh, oh oh ohhhI've seen the way that you dig when you're in your head.
somebody should tell you if you dig then you'll end up dead.
I let you hang on me, I am a provider of the drugs you take
you come around in the night and your greedy little smile is fake.Oh oh oh,
Listen to me3 x Chorus:
Brace yourself
it's gonna get easier,
you've got to hit the ground
before you can turn around
Oh oh oh oh, oh oh ohhh
