

Deep Dark Forest

Absurd

Sky is clear and the moon shines bright
The stars ?? through the trees
The night is black and the snow is white
All things seem to have defeatThe glowing eyes of animals around staring at me
The cold wind blows into my face
Like ?? does it seeFull moon shines ?? down
The day shall never come
My tears are running from my eyes
My blood spills from my armsI am immortal I can't die but I will feel deep pain
My eyes are red, my hair is black
Like ??Eternal is dark forest
Eternal is the night
Deep dark forest eternallyThe sun rise up I clear believed
The forest sight in me
But winter is. The days are short
And dark are all the treesThe sun goes down, the twilight comes followed by the night
Silent stands the deep dark forest and the moon shines brightEternal is dark forest
Eternal is the night
Deep dark forest eternally
