

# Pyramid City

## Driftless Pony Club

Soap watered hands, surf ground into snow  
Water is smooth and everything's moving  
I'm married to the city  
I'm married to the rush  
Even the streets, everything's moving

Call of the search  
Pyramid City still wants you  
Into the west  
Pyramid City's still standing waiting  
Down to the place, down to the bridges that know you  
And how you got your name

Burnum was wrong  
Counterfeit sisters  
Discern for plans, file away letters  
There's singing in the wires  
There's ringing in the telegraphs  
Keep the news moving, keep the news moving

Call of the search  
Pyramid City still wants you  
Into the west  
Pyramid City's still standing waiting  
Down to the place, down to the bridges that know you  
And how you got your name

Pyramid City, Bummer and Lazurus still haunt the streets  
Pyramid City, Bummer and Lazurus are in control

Pyramid City, Bummer and Lazurus still haunt the streets  
Pyramid City, Bummer and Lazurus are in control
