

Propane Nightmares

Pendulum

 Somethings tearing me down and down
 And I cant help but feel its coming from you
 Shes a gunshot bride with a trigger cries
I just wonder what weve gotten ourselves intoIn a trail of fire I know we will be free again
 In the end we will be one
 In a trail of fire Ill burn before you bury me
 Set your sights for the sunMind is willing, soul remains
 This woman cannot be saved
 From the drawn into the fireMind is willing, soul remains
 This woman cannot be saved
From the drawn into the fireAnything to bring it on home, bring it on home
 Bring it on home, bring it on homeMuch to weak to jump yourself
 Heal the wounds or crack the shell
 Lift yourself from once belowMuch to weak to jump yourself
 Heal the wounds or crack the shell
Lift yourself from once belowRaise the anchor bring it on home, bring it on home
 Bring it on home, bring it on homeIn a trail of fire I know we will be free again
 In the end we will be one
 In a trail of fire I'll burn before you bury me
 Set your sights for the sunBring it on home
