Heatmiser

Don't be taking him off your hell (?)
Don't be taking him off your hell (?)
Let go of the black ball (?)
You saw him leave the hell (?)
You are what you adore
You are what you adoreA china doll, you wanted it all
You're a china doll, you don't feel nothing at allDon't be taking him off your hell (?)
Or it's something you'll later have
Upon your head, but you can't get over him
Because you know what's in there
Because you know what's in thereA china doll who won't feel nothing at all
You're a china doll and you don't feel nothing at all
And I feel this wayYou say he's not in your arms
Somethings passed on
But up to me, I'll just call the guard (?)
Every one of your need
Every one of your other needsChina doll, I don't feel nothing at all
China doll, I don't feel nothing at all
I feel this way all the time
And I feel this way
