Wild At Heart

Edwin Mccain

Sometimes I wish there were two of me
One to stay at home, the other runs free
One man to hold you, the other's long gone
Chasing the girls, laughing til dawn
[Chorus:]I'm just wild at heart
This battle is raging inside
This double fantasy tears me apart
I'm wild at heart
I'm wild at heart

I can't fill this hole in my life
The bottom is endlessly deep
You're the lucky one 'cause you know who you want
And I wrestle demons alone while you sleep
[Chorus]Love your way and the things that you say
But this loneliness creeps in my mind
I should be happy to live out this life
But it feels like I'm running out of time
[Chorus]
