

# Wild At Heart

Edwin McCain

Sometimes I wish there were two of me  
One to stay at home, the other runs free  
One man to hold you, the other's long gone  
Chasing the girls, laughing til dawn  
[Chorus:]I'm just wild at heart  
This battle is raging inside  
This double fantasy tears me apart  
I'm wild at heart  
I'm wild at heart

I can't fill this hole in my life  
The bottom is endlessly deep  
You're the lucky one 'cause you know who you want  
And I wrestle demons alone while you sleep  
[Chorus]Love your way and the things that you say  
But this loneliness creeps in my mind  
I should be happy to live out this life  
But it feels like I'm running out of time  
[Chorus]
