I Will Follow

Susan Ashton

I'd cross the planes to California
Be back in Boston by the break of day
Do anything to show, I care for you
Do anything for a love so trueAnd if your heart were under lock and key
I'd scale the castle walls to set it free
If you were born in another age
I'd turn the hands of time, I'd find a wayHeaven knows I will go, I will follow
Heaven knows I will go, I will follow
I will followAnd if fate had carved a canyon wide
And you were caught on the other side
I'd cry some tears deep as the ocean blue
And swim that great divide to get to youHeaven knows I will go, I will follow
Heaven knows I will go, I will follow, yeahWhat is logic compared to love
From the depths of the sea to the stars aboveI will follow, I will follow
Oh I will followOh
Heaven knows I will go, I will follow
Heaven knows I will go, I will follow, yeahHeaven knows I will go, I will follow
Heaven knows I will goI will follow
I will follow
